1. Essay Task Information

Module: English for Specific Academic Contexts (ESAC)
Assessment: Integrated Writing Assessment (IWA)
Word Limit: 1500 words (+/− 10%)

Essay Question

The integration of Generative Artificial Intelligence (GenAI) in higher education has sparked intense debate regarding academic integrity and pedagogical innovation.

Discuss the primary challenges GenAI poses to traditional assessment methods and evaluate the potential benefits it offers for student learning. To what extent should universities embrace this technology in their curriculum?

Task Requirements

Students must:

- Use **a minimum of 7 academic sources** (following ESACa/b source split requirements)

- Follow the **referencing conventions taught in the module**

- **Paraphrase** all source material (no direct quotations)
